July 24, 2020

**NOTICE TO CAMERON COUNTY PARKS RV GUEST REGARDING
TROPICAL STORM HANNA**

Cameron County Parks & Recreation is currently monitoring Tropical Storm Hanna which is forecast to make landfall along the lower Texas coast mid to late Saturday morning. There is an increase chance that it can become a Hurricane. We currently ask that all guest secure and store any items properly such as umbrellas, canopies, chairs, portable tables, beach toys, bbq pits, etc. These items can become unsafe and hazardous during high winds. We will be posting any updates on our Parks Facebook page and the Cameron County website and Parks website as we continue to monitor Tropical Storm Hanna.

We sincerely appreciate your immediate attention on this.

Thank you,

Joe E. Vega
Parks Director
