La Esperanza Community Park Inclusive Improvements Flood Plain Notice

The Cameron County Parks and Recreation Department plans to develop an inclusive water recreation area and make additional inclusive improvements to La Esperanza Community Park to complement the inclusive playground. Inclusive Improvements will include: the aquatic area with restrooms, trail improvements, access walkways to all amenities, fitness equipment, native habitat improvements, soccer field improvements, and more. Cameron County feels a responsibility to enhance parks and facilities as new, inclusive concepts and components become available.

La Esperanza Community Park is located at 2100 Gregory Ave. in the Cameron Park area near Brownsville. Park improvements will be made in a floodplain area and may have certain environmental impacts. As part of the Cameron County Parks and Recreation practice of environmental responsibility, during construction all state and federal regulations regarding floodplains will be followed. At its completion, the park will provide quality educational, recreational, and economic benefits to residents and visitors of Cameron County. Anyone wishing to make comments regarding the park or possible floodplain impacts is encouraged to submit them to Cameron County Parks and Recreation at PARKSPUBLICCOMMENT@CO.CAMERON.TX.US or by mail to 33174 State Park Road 100, South Padre Island, Texas.
