Building a platform for a smarter government

Citizens, business owners and internal employees have higher expectations for state and local governments than ever before, but government organizations can struggle to meet them. State and local agencies need smarter technology and operations to be as productive, efficient and innovative as possible.

Verizon Wireless solutions work together to establish a smart government ecosystem which connects infrastructure, people and intelligence. And Verizon Wireless makes it easier and more cost-effective to implement smart government tools by making these solutions available through the National Association of State Procurement Officers (NASPO) ValuePoint® cooperative purchasing contract.
