TIPS Contracts by Category

As of February 2016, TIPS cannot guarantee compliance with USDA Child Nutrition Funding through state agencies, such as the Texas Department of Agriculture (TDA) and their regulations ARM section 17. TDA is the pass through agency in Texas for child nutrition funds to schools. The regulations require that specific quantities and detailed descriptions of goods and services be part of the solicitation. Because TIPS and many other cooperatives do not know which school members will use the cooperative's contract and for what quantities or specific goods or services, we cannot include those details in our solicitations and thus are not usually in compliance with the USDA rules for large purchases. HOWEVER, if you are making small purchases and only quotes are required to comply, TIPS members may request quotes from qualified TIPS suppliers through our website. TIPS can supply all the documentation we have that document our processes for compliance with federal regulations in 2 CFR Part 200, such as soliciting MWBE and disadvantaged businesses, inclusion of the applicable Appendix II clauses, advertising nationally as well as locally and other processes. If you have questions, please submit to TIPS at Legal@tips-usa.com

TIPS Members should be aware that when utilizing a JOC contract through TIPS, or any cooperative, there may be additional legal procurement steps and considerations when contracting for construction services. An example of additional legal procurement steps and considerations for Texas public entities can be found on TIPS Construction Checklist for Texas Public Government entities when utilizing Cooperative Construction JOC Order Contracting (JOC) online [here](#).
