An accurate delivery date must be quoted on the "RFP Form". When there are various items, a delivery date must be included with each item quoted. Freight and shipping charges to Cameron County must be included in the RFP price. Final location will be supplied to the vendor on award of RFP, F.O.B. destination. Delivery shall be made during normal working hours only, 8:00 a.m. to 5:00 p.m. unless otherwise noted in RFP.

VARIATION IN QUANTITY: The County assumes no liability for commodities produced, processed or shipped in excess of the amount specified herein.

Buyer's count or weight shall be final and conclusive on shipments not accompanied by packing lists.

SHIPMENT UNDER RESERVATION PROHIBITED: Seller is not authorized to ship the goods under reservation, and no tender of a bill of lading will operate as a tender of goods.

TITLE AND RISK OF LOSS: The title and risk of loss of the goods shall not pass to Buyer until Buyer actually receives and takes possession of the goods at the point or points of delivery.

INSPECTION: Upon receiving item(s), they will be inspected for compliance with the RFP Specifications. If the item(s) do not pass inspection, the vendor will be required to pick up the rejected item(s) at the delivery point, provide the necessary replacement, and return the item(s) to the original point of delivery.

All items proposed shall be new, in first class condition, including containers suitable for shipment and storage (Cameron County prefers recycled packaging whenever possible), unless otherwise indicated in RFP. Verbal agreements to the contrary will not be recognized. All materials and services shall be subject to Purchaser's approval. Unsatisfactory material will be returned at Seller's expense. INVOICES AND PAYMENTS: (a) Vendor shall submit separate invoices, in duplicate, on each purchase order after each delivery. Invoices shall indicate the purchase order number, shall be itemized and transportation charges, if any, shall be listed separately. A copy of the bill of lading and the freight weigh bill when applicable, should be attached to the invoice. Mail to: Cameron County, ATTN: Auditor's Office, 1100 East Monroe St., Brownsville, Texas 78520. Payment shall not be due until the above instruments are submitted after delivery. Vendors must keep the Auditor advised of any changes in your remittance addresses. OVERVIEW:

The Cameron County Commissioners Court is requesting proposals from qualified contractors to enter into a professional services contract to assist in the application preparation for the FEMA Hazard Mitigation Grant Program and to develop a Multi-jurisdictional Hazard Mitigation Plan. The plan shall be compliant with the criteria set forth in the Robert T. Stafford Disaster Relief and Emergency Assistance Act, Public Law 93-288, 42 U.S.C. §5121, et seq. (the "Stafford Act"), as amended by the Disaster Mitigation Act of 2000, Public Law 106-390 ("OMA 2000"), and the requirements set forth under 44 C.F.R. A copy of the current plan is available upon request.

Cameron County's current Hazard Mitigation Plan was approved by FEMA in 2021 and will expire in December of 2026. The final grant application must be submitted to FEMA by September 2025.

Proposals must be received no later than Wednesday, January 8, 2025 at 3:00 p.m.

Note: The formal issuance and awarding of the contract is contingent on the release of grant funds from the Texas General Land Office (GLO) Further, Cameron County Commissioners Court reserves the right to reject any and all proposals or any parts thereof. The right is reserved to waive any formalities or informalities contained in any proposal, and to award the project to the most responsive and responsible bidder, as deemed in the best interest of the County.

SCOPE OF WORK:

The contractor will be responsible for the following:

- Assisting with the grant application and submission
- Financial management and reimbursement requests to support the grant,
- Maintain records and documentation to support the grant,
- Complete the project close-out documentation and submit for final project

The contractor will assist with writing and submitting the grant application and will be responsible for the overall management of grant documents. The contractor will also facilitate the planning process, identify data requirements, conduct research, develop and facilitate the public input process, document the planning process, coordinate the documentation of grant requirement administration (such as documentation of in-kind contributions), produce the draft and final plan document, and facilitate the plan adoption process.

Organizing Resources

Work closely with the County and stakeholders on all phases of the project. Ensure that representatives from participating jurisdictions, local elected officials, local agencies, other partner agencies, business, nonprofits, academia, neighboring counties or communities, and the general public have an opportunity to be involved in the planning process. Document efforts to include these partners and document their participation, including tracking of any in-kind contributions from

participating jurisdictions.

Develop an action plan for public involvement and comment during the plan development stage and prior to plan approval and document the process and results. Coordinate public involvement through a variety of tools, such as surveys, educational briefings, press releases, informational postings on local websites, and public hearings.

Establish minimum standards for participation in the plan. Clearly identify continuing or newly participating jurisdictions and special districts, including documenting how they met the minimum standard for participation. At a minimum, the following are anticipated to be participating jurisdictions (as defined by FEMA) in this multi-jurisdictional plan update:

- Cameron County
- Town of Bayview
- City of Combes
- City of Harlingen
- City of Indian Lake
- City of La Feria
- City of Laguna Vista
- City of Los Fresnos
- City of Los Indios
- City of Palm Valley
- City of Port Isabel
- City of Primera
- City of Rancho Viejo
- City of Rio Hondo
- City of San Benito
- City of Santa Rosa
- City of South Padre Island

Thoroughly document and describe the planning process with particular emphasis on how the County reviewed and analyzed each section of the plan, and if each section was revised as part of the update process.

Analyze existing capability by identifying, reviewing, and incorporating existing plans, studies, reports, and technical information into the planning process. This could include local comprehensive plans, local ordinances, Capital Improvement Plans (CIPs), warning systems, Community Wildfire Protection Plans (CWPPs), public education initiatives, local building codes and zoning ordinances, Floodplain Management Plans, and others.

Describe how the plan was maintained and implemented over the past 5 years.

Utilize existing GIS information for identified hazards and make corrections or updates of GIS information as necessary.

Assessing Risks

Hazard Identification

Provide updated or new descriptions of the natural and human-caused hazards affecting each participating jurisdiction, as needed. Analyze how hazards vary across jurisdictions, if applicable.

Profiling Hazards

Provide updated information on the location and the extent (severity) of each natural and human-caused hazard affecting each jurisdiction, including updated information on previous occurrences. Provide an update on any hazard events that occurred since the last plan date. Provide updated information on the probability ranking of future hazard events.

Assessing Vulnerability

Provide an overall summary for each jurisdiction's vulnerability to each hazard. Rate the impact, for example high, medium, or low and explain the rating system used and the process followed to achieve the ranking. For each jurisdiction describe in general, each hazard's impact on buildings, infrastructure, critical facilities, and the vulnerable population.

Describe vulnerability in terms of types and numbers of National Flood Insurance Program (NFIP) repetitive loss properties located in the identified hazard areas. Include the most current FEMA Flood Insurance Rate Map (FIRM) in plan, if available.

Based on best available data, provide updated information on the vulnerability of existing and future buildings, infrastructure, and critical facilities for each jurisdiction. Specify the types and numbers of buildings, infrastructure, and critical facilities. Based on best available data, provide estimated potential dollar losses to vulnerable structures, describing the methodology used to prepare the estimate. Based on best available data, describe vulnerability in terms of land use and development trends. Based on best available data, analyze the economic impacts from potential hazards. Based on best available data, describe how potential climate adaptation may impact critical infrastructure and facilities.

Capabilities Assessment

Document each jurisdiction's existing authorities, policies, programs, and resources related to hazard mitigation, and its ability to expand on and improve these existing tools.

Provide information on each jurisdiction's participation in the NFIP in terms of policies in force, total dollar amount for premiums, and any claims information. The mitigation strategy should identify, analyze, and prioritize action items related to continued compliance with the NFIP.

Developing a Mitigation Strategy

Update the mitigation goals and objectives to reduce or avoid hazard vulnerabilities, if needed. Explain if goals and objectives have changed. The plan update must analyze previous action items to identify which were completed, deleted, or continued for each jurisdiction.

Facilitate the identification and analysis of a comprehensive range of specific mitigation actions for each jurisdiction. Action items should reduce the effects on existing and new buildings and infrastructure. There must be identifiable action items for each jurisdiction seeking adoption of the plan.

Action items will be prioritized based on evaluation criteria that analyzes the social, technical, administrative, political, legal, economic, and environmental feasibility of proposed actions. This may include a cost-benefit review and/or cost estimate.

Develop an implementation strategy for identified actions that includes the action's priority (i.e. high, medium, or low), the lead party responsible for implementation, potential funding sources, and an implementation timeline for each proposed action item.

Plan Adoption, Monitoring and Evaluation

Describe the method and schedule for monitoring the plan, including progress on action items and the responsible department. Identify how, when, and by whom will the plan be evaluated.

The updated plan must describe the process to incorporate the mitigation plan requirements into other local planning mechanisms for each jurisdiction, and how the previous mitigation plan elements were incorporated into the same. Develop and describe a strategy for continued public participation.

A digital copy of the final draft HMP and completed FEMA Local Mitigation Plan Review Tool will be submitted to TDEM's Mitigation Section for submittal to FEMA prior to the grant performance period end date.

After FEMA indicates the plan is Approvable Pending Adoption (APA), the plan will be adopted by the participating jurisdictions within six to eight months. The resolution of adoption for all jurisdictions will be provided to TDEM's Mitigation Section, and the State will provide adoptions to FEMA for final approval. Contractor will maintain project management role until the Plan is approved by FEMA.

Contractor is responsible for changes required by FEMA to gain Approvable Pending Adoption (APA) plan status. These changes may be required after final payment is made to the contractor in order to maximize the grant award, but final payment does not relieve the contractor of delivery of a FEMA approved plan.

Retainage: In accordance with Texas Local Government Code Sec. 2252.032, Contractor agrees that any SOW Agreement will provide, that the Agency will withhold a percentage of more than five percent to be determined at the discretion of the Agency, of the total amount payable for each SOW Agreement deliverable, to be payable only after satisfactory completion and the State's final acceptance of the SOW Project.

Contractor will provide required documentation to assist the lead fiscal agent community with completion of quarterly financial and performance reports to TDEM to include tracking and reporting of in-kind time contributions from participating jurisdictions.

- 4 = Very good / Exceeds expectations
- 3 = Above expectations
- 2 = Meets expectations
- 1 = Does not meet expectations

Evaluators score by category will be multiplied by the assigned weight for each criteria by vendor then totaled.

Scoring for price will be a ratio and based on a pro rata factor of the best price submitted.

Ex: Vendor W - price \$100,000 = 4 points X assigned weight (ie: 25%) = 100 points
Vendor X – price \$150,000 = 2.66 points X assigned weight (ie: 25%) = 66.6 points
Vendor Y – price \$200,000 = 2 points X assigned weight (ie: 25%) = 50 points
 $\$100,000 \div \$200,000 = .50 \times 4 = 2 \times 25 = 50$

Any and all responses may be rejected if the County believes that collusion exists among the Proposers. If multiples are submitted by a Proposer and after all responses to the RFPs are opened one or more of the responses are withdrawn, the result will be that all of the responses submitted by that Proposer will be withdrawn; however, nothing herein prohibits a Proposer from submitting multiples for different products or services.

Evaluations shall be based on criteria bearing on price and performance of the items or services in the user environment.
