Helpful Online Reservation Tips:

- Making a reservation is as simple as entering the range of dates intended for your stay and selecting search. The park's map will then populate with the available sites for the selected dates. Once you choose your site you will be prompted to enter required fields of information followed by an option to secure your reservation with payment. When finished a transaction receipt will be sent to the email you've provided.
- For guests who know what site they desire, they can enter the date range of their intended stay and site number then select search. If the site is available the site will populate on the parks map for selection. Follow the prompts to complete your reservation (see instructions above).
- For guests reserving a month or longer, it is important to note that 30 consecutive days constitutes a month, and is required to obtain the monthly rate. Anything less than 30 days will revert to a weekly rate, if a weekly rate applies. If a weekly rate does not apply, it will revert to the daily rate.
- Monthly reservations require full payment for the entire month. Multiple month reservations also require payment for one full month. Daily and weekly reservations require full payment for the entire stay.

- Monthly or multiple month reservations spanning two seasons will be pro-rated to include the rates from each season.
- Please note that in order to make a reservation during the months of January & February; guests must reserve a minimum of 30 consecutive days in order for the reservation to be accepted. A weekly or daily rate will NOT be available for these two months. The only park excluded from this rule is Adolph Thomae Jr., County Park.
- The following RV sites have been set aside solely for daily rentals for the months of January and February. There will be maximum stay of two weeks, for which only a daily rate will be applicable.
