#### **Performance Bond:**

**PERFORMANCE BOND \$100,000 + received in Purchasing Dept. Work cannot start before Bonds have been received and approved.**

**Performance Bond will be required** after the bid has been awarded but before the final Contract is signed by the County Judge. If the awarded vendor cannot complete any of the items by the specified date listed on the bid form or if the items do not meet bid specifications, the County shall reserve the right to contract with another vendor of the County's choosing to complete the remaining entire project (all remaining phases) as per bid. The Performance Bond must be sufficient to cover all expenses incurred by Cameron County with alternate vendor over and above the price of the awarded bid amount due to failure of awarded bidder to meet required completion deadlines as established in bid. Performance Bond must be linked to all required dates by Phase for individual phases. If any phase is late the Bond will be submitted for failure to comply and new vendor used from that point to completion. Performance Bond per County will require a 100% completion of each phase for all 100% of Quantities required for each Phase. Performance Bond must cover the project for the full Contract period year. When there are various items, a delivery date must be included with each item quoted. Performance Bond price must be included in total bid price.
