1. Section 1-C: What is it mean by “consultant”.. Is this the instructor or person who manages the training function??  
*The term consultant should be considered to be the individual or company providing training services.*
2. Section 2 – capabilities: Do we list similar awards here ? or Instructors who have trained classes listed in the RFQ? It looks like a duplicate question..  
*This would be for the individuals who will actually be providing training. Provide their availability, job description and resume.*
3. Section 3- If the majority of our work is state/federal government and NOT city, will this exclude us from being considered for this award if we can train on the subjects mentioned??
